# **OZARKS TECHNICAL COMMUNITY COLLEGE**

## **180-DAY GRADUATE FOLLOW-UP 2016**

### **EXECUTIVE SUMMARY**

#### **Introduction**

The Missouri Department of Elementary and Secondary Education (DESE), through the Division of Career Education, requires that all community colleges conduct a 180-day follow-up survey on all occupational graduates. This includes Ozarks Technical Community College (OTC) post-secondary graduates of Associate of Science (AS) degree, Associate of Applied Science (AAS) degree, and Certificate (CT) programs and secondary students who attended the OTC Career Center their junior and/or senior year and graduated in Spring 2016 from their district high school. The survey data collected indicates whether graduates are employed, continuing education, or serving in the military in areas related or non-related to the degree/certificate conferred; or whether graduates are currently seeking employment or are currently unavailable for employment.

#### **Methodology**

The OTC 180-day follow-up survey of graduates, conducted by the Career Services office, was mailed to **1,057 post-secondary** graduates whose degrees and/or certificates were conferred in the Summer, Fall, and Spring terms of the 2015-2016 academic year. A similar survey was also mailed to **332 OTC Career Center secondary** students who were enrolled in various career and technical education programs and graduated from high school in the Spring term of the 2015-2016 academic year. Initial mailings were sent in February, June, and November, approximately six months after each graduating semester, followed by a second mailing to non-respondents. Mailing addresses were obtained through the Computer Services department and the OTC Career Center office. Where possible, addresses were updated and surveys resent. The survey, designed to incorporate the statistical needs of DESE and OTC, was mailed to one thousand three hundred eighty-nine (1,389) 2015-2016 Allied Health, Technical Education, and Career Center graduates as verified by the offices of the OTC Registrar and the OTC Career Center. Graduates were given the option to mail back their completed survey in a self-addressed envelope or access the online survey. Every effort was made to locate or contact graduates who did not respond to the first survey through a second survey, a series of telephone calls, emails, and/or requests to faculty and staff.

#### **Limitations**

Survey results represent the opinions, experiences and feedback of 93% post-secondary graduates and 85% secondary graduates. Findings are not necessarily representative of the entire 2015-2016 graduating class and should therefore be generalized and interpreted with caution and reported only with reference to the surveyed population in most circumstances. As data are disaggregated, the number of students and program analyses becomes smaller and generalization becomes even more problematic.

#### **Results**

Four hundred six (406) post-secondary graduates out of 1,057 post-secondary graduates returned the survey through mail or online for a response rate of 38%. Fifty seven (57) secondary students out of 332 secondary graduates returned the survey through mail or online for a response rate of 17%. Therefore, six hundred fifty-one (651) post-secondary graduates (62%) and two hundred seventy-five (275) secondary graduates (83%) required a minimum of three or more contact attempts.

# **OZARKS TECHNICAL COMMUNITY COLLEGE**

## **180-DAY GRADUATE FOLLOW-UP 2016**

### **Further Academic Enrollment Post-Secondary Graduates**

Three hundred sixty-nine (369) post-secondary graduates (35%) reported continuing their education at a two-year or four-year college or university. Two hundred eighty-eight (288) graduates (78%) of these respondents indicated they were currently enrolled in a two-year college, with 99% of those graduates continuing at Ozarks Technical Community College. Seventy-eight (78) graduates (21%) reported continuing their education at a four-year college or university including, but not limited to, such institutions as Drury University (1%), Evangel University (3%), Cox College of Nursing and Health Sciences (5%), Mercy College of Nursing and Health Sciences (8%), Missouri State University (37%), and Western Governors University (6%).

### **Secondary Graduates**

One hundred six-three (163) secondary graduates (49%) reported continuing their education at a two-year (135 students) or four-year (28 students) college or university. One hundred thirty-three (133) students (99%) of the 135 students who continued further studies at a two-year college enrolled at Ozarks Technical Community College in a related (65%) or non-related (35%) program of study.

### **Graduates in the Workforce**

Overall, 812 of the 1,057 post-secondary graduates (77%) are currently employed, with 623 of the employed graduates (77%) reportedly working in employment related to their degree or certificate. Average degreed salaries, as reported to the Career Services office, ranged as low as \$23,275 to as high as \$64,542, providing an overall average salary of \$34,140 among all graduates working in their career field.

### **Graduate Comments**

Most graduates were gracious in their praise of the experiences and education they received while pursuing their degree(s) as a student. The quality of instruction was highly regarded and faculty members were credited with student success. Recommendations for improving experiences focused on better administrative service, curriculum, and programs with a focus on more real world applications.

### **Summary**

Students pursuing further education and the success of graduates in or entering into jobs related to their program of study are important measures of an OTC education. Many graduates expressed that their OTC experience prepared them well for furthering their education and for their current jobs.

Data from completed surveys is used to produce information for external and internal reports and can be used as supporting information in determining the instructional effectiveness and continuing improvement of curriculum of OTC programs and as a reference guide for those faculty and staff who work with students in an advising and career counseling capacity.

### **Disclaimer**

The salary data contained in this report is for general information purposes only and is based solely on graduates who self-reported hourly earnings. Entry-level wages, length of employment, self-employment, or previous employment experiences are not factored into salary range calculations. Wage information should be carefully interpreted in projecting future earnings.

**OZARKS TECHNICAL COMMUNITY COLLEGE**  
**180-DAY GRADUATE FOLLOW-UP 2016**

**GRADUATE FOLLOW-UP DEFINITIONS**  
**Defined by DESE**

- Employed Related (**EMP R**) – Employed in a field or closely related field to their degree/certificate or training received.
  - Employed Not Related (**EMP NR**) – Employed in a field not related to their degree/certificate or training received.
  - Continuing Education (**2YR R or 4YR R**) – Continuing education at a 2-year or 4-year college in a field related to their degree/certificate or training received.
  - Continuing Education Not Related (**2YR NR or 4YR NR**) – Continuing education at a 2-year or 4-year college in a field not related to their degree/certificate or training received.
  - Employed Related & Continuing Education Not Related (**EMP ER**) – Employed related and continuing education in a field not related to their degree/certificate or training received. (Secondary Students Only)
  - Military Related (**MIL R**) – Serving in the military in a field related to their degree/certificate or training received.
  - Military Not Related (**MIL NR**) – Serving in the military in a field not related to their degree/certificate or training received.
  - Other (**OTH**) – Status is known but not included in specified categories.
  - Not Available for Placement (**NA**) – Known to be unavailable for placement. Possible reasons include illness, disability, death, incarceration, loss of work (green card), or personal preference.
  - Status Unknown (**UNK**) – Unknown follow-up status.
- 
- Total Related Placement (**TRP**) – Total of the EMP R, 2YR R or 4YR R, and MIL R categories.
  - Total Placement (**TP**) – Total of the EMP R, EMP NR, 2YR R or 4YR R, 2YR NR or 4YR NR, MIL R, and MIL NR categories.

**OZARKS TECHNICAL COMMUNITY COLLEGE**  
**180-DAY GRADUATE FOLLOW-UP 2016**

**FOLLOW-UP SUMMARY OF POST-SECONDARY GRADUATES**

This table reflects the overall percent of graduates who are in the workforce, continuing their education at a 2-year or 4-year institution, and/or serving in the military in a position related or non-related to the degree or certificate earned. The table also reflects the average salary, by program, of graduates in the workforce in positions related to the degree or certificate earned.

Post-Secondary Programs	Graduates Reported	Graduate Responses	Related Placement	Total Placement R and NR	% of Total Placement	Average AAS or CT Salary
Accounting	39	39	24	36	92%	\$24,960
